# MANUFACTURE

*We started the manufacture of our rest room trailers with focus on metal structure of tubes and chanel, heavy and comfortable structure for good performance.*

***We do not include wood in our structure, only metal, this cancels the risk of rotting the trailer.***

# MIG WELDING WITH PENETRATION

**DURING THE PRODUCTION OF THE RESTROOMS, WE INSTALL INSULATION THAT GUARANTEES DURABILITY AND DOES NOT PRODUCE MOLDS.**

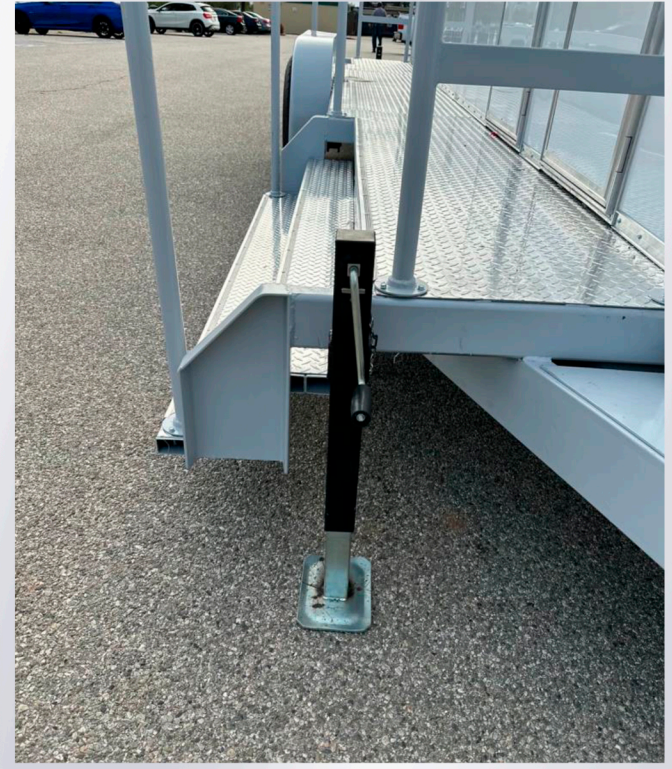

**AND WE END UP  
WITH FULL ALUMINIUM  
COVERAGE INSIDE  
AND OUT. ALUMINUM  
IS ONE OF THE BEST  
MATERIALS FOR  
TRAILERS SINCE IT  
DOES NOT RUST AND  
GIVES A BETTER IMAGE.**

# WE INSTALLED 1 MAIN JACK OF 12000 LB AND 4 STABLE BOILING JACKS OF 5000LB

**We installed axles of 71000 LB each for a load of 14000 LB with 235 radial tires. We manufacture and adapt a special box for the generator that protects and offers easy check of the generator.**
